

“To glorify God by the urgent evangelization and discipleship of the peoples of Cambodia”

CAMBODIA

OMF Cambodia is looking for those who will be committed to long-term disciple-making in the church, in workplaces, and throughout society.

Whatever our diverse roles – in church, in a workplace environment, or in the local community – our common purpose is to evangelize the people of Cambodia, to make disciples who have a heart to submit to the Lordship of Christ in every area of their lives, and to build up the Church --

all by the grace of God and for the glory of God!

Isn't the Church in Cambodia growing?

Yes! *And the Task is Unfinished*

98% of Cambodian people are without the hope of Christ.

75% of Cambodia's 14,000 villages are without any Christian witness.

*The need is great,
the field is ripe,
and the door to serve is still OPEN!*
